

# 2012 Bike Drive

The Hub of Detroit is a community space that specializes in youth bicycle education. We accomplish this by teaching youth to build up used bicycles donated to us. After learning to build a bicycle, youth get to keep the bike free of charge.

We are currently trying to get **300 bicycles donated by Sept. 1<sup>st</sup>** to continue our youth programming.

In 2011 alone, the Hub got **over 300 youth on bicycles** and taught mechanic skills to many more. In 2012 we are providing more programming than ever in our **13 year history** by having youth work in our shop **5 days a week**. This would not be possible without the help from generous people just like you.

To stay updated on our programming and the bike drive, please see our weekly updates at **[www.thehubofdetroit.org](http://www.thehubofdetroit.org)**

To donate bicycles to The Hub you can drop them off at **3611 Cass Ave., Detroit**  
Tues-Sat 10am-6pm  
or Sun 12pm-6pm

If you have a large amount of bikes or need us to come pick up,  
**Please call 313.879.5072**
